

Dr. Mehul Mistri, Ph.D

Scientist (Inherited Genomics and Metabolism)
Neuberg Centre for Genomic Medicine (NCGM),
Ahmedabad, Gujarat, India.

It has been a great pleasure to be introducing myself Dr Mehul Mistri, holding a PhD degree in Biochemistry from the M. S. University of Baroda, Gujarat with 3+ years of post-doctorate experience in Molecular biology, Biochemistry and Human Genetics. Currently I am working as scientist at Neuberg Centre for Genomic Medicine, Gujarat, India.

I am a research scientist and science communication expert with a specialization in the field of Human Genetics and Genomics with 12+ years of combined pre and post-doctorate experience evidenced by the publication of 20+ manuscripts, 10+ national and international conferences via posters and talks.
